**VII International Forum of  
Cardiology and Internal Medicine**

**INFORMATION LETTER**

**21-23 March, 2018**

**Moscow**

Dear Colleagues!

We invite you to take part in VII International Forum of Cardiology and Internal Medicine. Forum will take place on 21-23 March 2018 in Moscow.

Congress will gather all who is interested in diagnosis, treatment, prevention of cardiovascular diseases, chronic respiratory diseases, endocrine diseases, kidney diseases and other somatic diseases.

Special attention will be paid to workshops, educational courses, discussions of clinical cases and lectures of world-famous scientists. Within the Forum there will be meetings and round table discussions of doctors from Russia, Europe and Middle Asian countries.

Abstracts will be published in the journal “Cardiovascular therapy and prevention”.

The most interesting works will be presented as poster and oral presentations. The scientific program of the Forum will hold a symposium for young scientists (under 35). Registration fee for delegates is not required. Each participant will get one congress bag free of charge.

We would like to invite you and your colleagues, i.e. professors, lecturers, graduate student and etc., for taking part in this event (submission of abstracts, scientific reports, young scientists’ competition and participation in the Congress).

Moscow is one of the great cultural capitals of the world. Moscow sightseeing tours will be organized for foreign participants of the Forum.

Best regards,

Organizational committee of VII International Forum  
of Cardiology and Internal Medicine

## **VENUE**

Forum will take place on 21-23 March 2018 in Moscow (new building of Russian Academy of Science) at the address: Leninsky prospect 32A (subway station "Leninsky prospect").

## **TOPICS**

- Medical care in cardiology and internal medicine
- Emergency care in patients with cardiac and other somatic diseases
- Cardiovascular risk factors
- New medical technologies in the diagnosis, treatment, and rehabilitation in cardiology
- Interventional cardiology and cardiac surgery
- Comorbidity in internal medicine patients: diagnosis, treatment, prevention
- Escalating global epidemic: obesity, diabetes mellitus and other endocrine diseases
- Chronic respiratory diseases
- Kidney diseases
- Gastrointestinal diseases
- Psychosomatic and neurological disorders in internal medicine patients
- Systemic connective tissue disorders
- Family medicine

- Nursing in cardiology and internal medicine

## **SCIENTIFIC PROGRAM**

The scientific program will include plenary sessions, scientific sessions, satellite symposia, lectures, meetings with experts, schools for doctors, debating sessions, interactive discussions, clinical debate and two-day poster session on topical issues of the organization, diagnosis, treatment and prevention of cardiovascular diseases.

The scientific program of the Forum will hold a symposium for young scientists (under 35) which will be awarded with diplomas and memorable gifts.

The scientific program of the Forum will be composed of keynote lectures, satellite symposia, posters, educational seminars, workshops with the participation of Russian and foreign doctors.

Full scientific program of the Forum will be available on the official site of International Forum 1.5 - 2 months before the Congress.

## **ABSTRACTS**

Abstracts and other materials will be published in the journal "Cardiovascular therapy and prevention", which is included to the International Science Citation Index Expanded (SciSearch) and Journal Citation Reports/Science Edition.

Abstracts publication in the abstracts book of International Forum of Cardiology and Internal Medicine is free.

Attention!!! Deadline for abstracts submission is February 16, 2018  
Abstract received after the deadline will not be considered.

## **Procedure of abstracts composition**

1. One page (A4), single spacing and wide (3 cm) margins. Use 12 pt. Times New Roman fonts. Please, use laser or deskjet printer. Text shall not include any tables or figures. Abstracts will be printed without any editing.
2. First line - title of the abstract (capital letters), second line - authors surnames and initials, and third line - institution, city, country.
3. Abstracts should consist of aim, methods, results and conclusions. **Do not import tables, references to other sources and graphs. Abbreviations are not permitted**

### **Procedure of abstracts submission**

1. Save the file as IvanovllMoscowl (name of the file shall include: Surname and initials of the first author, name of the city and serial number of the work. For example, IvanovllMoscowl for the first work and IvanovllMoscow2 for the second work. The name of the file is printed by Russian letters without spaces).
2. Create a file with contact information ContactIvanovllMoscowl, where you should indicate the names of abstracts, authors, institution, city, country, surname and initials of corresponding author and his/her contact information (address, telephone number, e-mail)
3. Abstracts have to be send in Word format via e-mail **tesisi.cardio@gmail.com**. The subject of the letter shall be indicated as AbstractIvanovllMoscowl. The letter shall contain:

- File with abstracts (this file shall include only texts of abstracts)
- File with contact information.

### **Abstracts prepared incorrectly will not be considered.**

For example,

MYOCARDIAL INFARCTION DURING INFECTIVE  
ENDOCARDITIS (without dot)

Ivanov I.I., Sidorov S.S.

Regional clinical hospital, Ryazan (without dot)

### **POSTERS REQUIREMENTS**

The Scientific Committee of the International Forum of Cardiology and Internal Medicine will select part of the scientific works (abstracts) for poster presentations. Poster (size 90 cm wide and 100 cm height) must contain a header (title, author name, organization name, city) and a summary of research (introduction, aims, materials and methods, results, discussion, conclusions).

### **MEETING HALLS**

The scientific sessions and satellite symposia of the International Forum of Cardiology and Internal Medicine will be held in 6 halls of the new building of the Presidium of RAS. The halls scheme will be available for each participant of the Forum.

### **TECHNICAL SUPPORT FOR HALLS**

All meeting rooms are equipped with multimedia projector Forum, complete with a laptop. Operating system MS Windows 2000, Power Point 2000 are available on all computers. Other audio-visual aids are not provided.
